

28<sup>th</sup> July 2021

We are writing to provide some information and reassurance around Impala's operation during the significant impact the COVID-19 Coronavirus is having across the State.

As a family owned Sydney based manufacturing and retail company we take our obligations of safety and sense of community to our staff and clients very seriously.

As on Saturday July 27<sup>th</sup> the NSW Government introduced new restrictions in Greater Sydney. Following the new government health guidelines our showrooms are closed until the end of August. We are still offering design consultations via online. [Book a design consultation](#) here.

All renovation and construction work has recommence with strict COVID safe practices in place. Impala has updated our COVID-19 Plan to ensure we met all the new guides and we will work closely with our clients during these unprecedented times. For more information regarding our COVID-19 Safety Plan please refer to our website.

If you have any questions with regards to your health and safety we recommend you refer to [www.health.gov.au](http://www.health.gov.au)

We thank you for your co-operation as we move forward through this difficult period with kindness and support for each other.

Your faithfully  
The Team at Impala.
